Welcome from Paul Johnson

Retirement recognition

Daniel Jankowski Legacy Award

ASU service awards

Recognition of Sun Award recipients

IMPACT and Fulton Difference Awards

Door prizes

Dean Paul Johnson will be available for photos with all awardees and event attendees following the event.

impact and fulton difference awards

Every year, we recognize the outstanding work of Fulton Engineering staff through the IMPACT and Fulton Difference awards:

innovation

Recognizes an individual who has been instrumental in the EDO of new ideas or processes that add value to one of the five schools or Fulton Engineering as a whole. *There's no crying in baseball...or engineering.*

mentoring

Recognizes an individual who is a source of encouragement and momentum for continued learning and service, and has a commitment to help others discover a sense of satisfaction and professional growth. *Hey matter, matter...*

performance

Recognizes an individual who is distinguished by outstanding contributions and performance in support of academic, administrative and/or EDO efforts. *Never let the fear of striking out keep you from launching that rocket.*

achievement

Recognizes an individual who reaches beyond defined responsibilities to pursue external opportunities for personal improvement or to the benefit of Fulton Engineering or the community; and through those efforts enhance performance ability or the standing of Fulton Engineering. *Take me out to the TechShop!*

customer service

Recognizes outstanding customer service and a positive attitude that has enabled increased productivity in the unit or Fulton Engineering. *Engineers never quit, engineers iterate!*

teamwork

Recognizes a team that strives for the highest possible standards and distinguishes themselves by exemplifying teamwork, communication and positive interaction. *There's no "I" in team, but there is in Pi.*

fulton difference award

The excellence award, now known as the Fulton Difference Award, honors the invaluable contributions of full-time, supervisory staff. *Engineering is 90% mental and the other half is inspiration.*

Daniel Jankowski Legacy Award

The Daniel Jankowski Legacy Award recognizes engineering faculty whose exemplary contributions in teaching, research and public service have had a long-standing, demonstrated impact on advancing the mission of the Ira A. Fulton Schools of Engineering.
