You're invited to shape the next generation of engineering leaders at Girls Make-A-Thon! Join the Ira A. Fulton Schools of Engineering for this dynamic day of workshops and presentations for 9th-12th grade students. We invite you to submit proposals to facilitate a 40 minute workshop, panel, or presentation for the participants. We're looking for submissions that are engaging and interactive, have a focus on building a career in an engineering field, or teach an engineering skill.

To be considered, workshop proposals MUST include:
- Name
- Email
- Phone Number
- Workshop Description
- Target grades

Submit your workshop proposal here
