

ASU: Châteaux & Castles of Paris and Beyond: Photography & Architecture

Summer

Arizona State
University

Global Education Office
Ira A. Fulton Schools of Engineering

Spend two weeks in Paris and the Loire Valley growing your appreciation for French architecture, and learning all about photography. All levels of expertise are welcome - beginning to advanced. Learn how and why the great architecture of Paris and beyond was developed and designed by creating your own photo book or video. Check out photo.asu.edu/paris
