Robotics Camp (7-12 Grade)

Attention all adventure-seekers and tech enthusiasts! Join us for an unforgettable summer robotics camp where you'll get to build and program your own robots with the latest technology. You'll collaborate with like-minded peers and learn from experienced instructors who are passionate about robotics. Experiment with cool gadgets and tools, and discover the magic of science, technology, engineering, and math (STEM) in a fun and engaging way. Don't miss out on this unique opportunity to unleash your inner inventor and discover the exciting world of robotics!
