- Movie & game programming
- EV3 Robot construction
- EV3 programming
- 9Up : • Robot construction
- VIPLE programming,
- Python programming
- Web programming
- Smartphone apps development

Game Camp in Unreal Engine

1: Middle School 7 - 8th (or older) Grade, June 3 -14, 2024 (9:00AM- 4:00PM)

2: High School 9 - 12th Grade, June 17- 28, 2024 (9:00AM – 4:00PM)

Location: ASU Tempe Campus (699 S. Mill Ave, Tempe AZ)

Join us in developing realistic 3D games using the high-end game engine, **Unreal Engine 5**, from Epic Games. This camp adopts a hands-on approach, allowing each student to utilize a high-spec computer equipped with NVIDIA RTX. The instructor is an ASU professor with over 20 years of experience teaching computer graphics and game development. As an in-person camp, the kids receive prompt assistance and support from ASU student assistants in our gaming program within the School of Computer Science.

Comparison with other similar summer camp

ASU Game Camp	Similar xX Tech Camp
\$1000 for two weeks	\$1099 for one week
Affiliated with School of Computing & AI (SCAI)	No academic affiliation but just location
ASU Professor and 4-5 ASU assistant students	One instructor
Showcase with Parents (Last Day)	No showcase
