

BRIDGE to STEM

Professional Development Program

BRIDGE to STEM gives ASU STEM students structured access to mentors, professionals, and a supportive peer community that helps accelerate academic and career growth. Workshops, speaker sessions, mentoring, and a cohort of 10 scholars going through the experience together from August through March.

Workshops

Career pathways, grad school prep & research skills

Speaker Sessions

First-gen engineers from industry & academia

Mentoring Experience

Two-tier mentoring: grad students + industry professionals

WHO CAN APPLY

- Enrolled in an ASU Fulton Schools of Engineering or STEM-related program
- Interested in mentorship, community-building, and professional development in STEM
- Available for BRIDGE activities from August through March

APPLICATION DEADLINE

August 7, 2026
